## Information regarding "Richared Delicious" and "Black Rome Beauty"

Two of the most outstanding additions to the list of commercial varieties of apples will be the "Richared Delicious" (Trade Mark registered in U. S. patent office) and the "Black Rome Beauty".

The "Richared Delicious"—the only Solid Red Delicious on the market which we know of, that produces true to type. All red before it is ripe, no stripes. Two weeks earlier than common Delicious. Practically all apples on the tree extra fancy. Pick it while hard ripe. No waiting for color, no windfalls, wonderful keeper. Most beautiful apple in existence. Prominent fruit men have inspected the apples growing on the original tree, and on third generation trees, and pronounce it a pure, fixed strain. The demand is going to be enormous for this new Delicious. Production of stock limited, prices reasonable. No trees sold except on contract.

The "Black Rome Beauty"—is an improved type of Rome Beauty in color and quality. The color, is a very solid dark red, almost a black or as dark as the Arkansas Black. A tree full of these dark Beauties is a wonderful sight to a real orchardist. Colors up early, thus insuring an early harvest, thus avoiding chance of windfalls. The fruit will all run mostly to extra fancy. Quality is an improvement over the ordinary strain of Rome Beauty. Finer grain.

more juicy and melting. Good keeper. Tree has all the qualities of hardiness, early and heavy bearing and rapid growth of the parent Rome Beauty. Endorsed by leading orchardists. The ordinary Rome Beauty will not find a market when this new strain comes into bearing in commercial quantities. No trees sold except on contract which protects planters against spurious stock. Prices reasonable.

**PEONIES**

The list of Peonies we offer has been carefully selected, and we have chosen only such varieties as are of good quality and value. We send out strong divided roots, with three to five eyes, which with proper care, will bloom the first season planted. It is better to plant Peonies during the Fall season.
